

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each global industry. Transporting industrial goods takes place each and every day on our hectic planet. Originally innovated as industrial vehicles during the 1930s in America, forklifts gained popularity following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machines spread worldwide.

In 1949, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the company is simply known as TCM Corporation. Through the years, TCM forklifts have become a global leader in lift truck manufacturing and have built a solid reputation with the industry. TCM started building forklift manufacturing locations outside of Japan in the 1980s and is now engaged in lift truck manufacturer at three foreign factories in Europe, China and the United States.

With more than 50 years of accumulated expertise and technology, TCM has been proudly manufacturing many models of industrial lift trucks, making their models known all over the globe. With a strong and energetic staff, TCM has been able to continually work towards becoming a future leading material handling company.
